## EXECUTIVE SUMMARY

The purpose of this report is to consider the Municipal Fund Budget for the 2020/21 financial year, including imposition of rates and minimum payments, and other consequential matters arising from the Budget papers.

The estimated brought forward balance from 30 June 2020 is a \$2.13 million surplus and the budgeted position for 2020/21 is a \$1.73 million surplus. This is unaudited

and may be subject to change. Any change may be addressed as part of a future Budget Review.

The main features of the 2020/21 Budget are as follows:

1. A zero percent (0%) change to the rate in the dollar and minimum payment applied to general land rates and sewerage rates resulting in the vast majority of ratepayers paying the same rates as in 2019/20. The exceptions to this are small changes in gross rental values (increased rate revenue of 0.3%) and variations to unimproved values (mainly reflecting increased prospecting / exploration licence fees) resulting in increased revenue of 10.7% in that category.
2. A one percent (1%) decrease to total fees and charges income due to current economic environment following COVID 19.
3. Operating expenditure has decreased overall by one percent (1%).
4. The Capital Works Program budgeted expenditure for 2020/21 totals \$40.38 million, including upgrades and renewal spend on roads, footpaths, parks and ovals, other infrastructure, land, buildings, plant and equipment and furniture and equipment.
5. COVID-19 recovery programs have been included in the budget including \$250,000 for Arts and Culture activities, \$250,000 for local Economy initiatives, \$250,000 for City Marketing and Promotion and the balance of the COVID-19 Community Fund of approximately \$680,000.
6. No reduction in service levels.

At the Council meeting on 23 March, due to the developing COVID-19 pandemic the CEO was instructed to prepare a prudent draft budget for consideration by Council.

## REPORT

Local Governments must prepare Annual Budgets in the format prescribed in the *Local Government Act 1995* and the *Local Government (Financial Management) Regulations 1996* and Australian Accounting Standards.

The draft 2020/21 Budget (Attachment 1) is based on the principles contained within the Strategic Community Plan (SCP) (adopted by Council on 28 April 2020).

The main features of the draft Budget include the following:

1. A zero percent (0%) rate in the dollar and minimum payments increase applied to general land rates revenue and sewerage rates. This allows for an estimated two (2%) percent budgeted surplus measured against total cash expenditure.
2. The 2020/21 Schedule of Fees and Charges have remained static across the board in accordance with correspondence received from the Premier on 17 March 2020 in relation to COVID 19. This will only vary where legislation dictates and where management has determined that there are overriding circumstances.
3. Employment costs have decreased by 1% in anticipation of reduction of casual employees and slow recruitment post COVID 19.
4. Expenditure of approximately \$5.9M is budgeted for the continuation of the sewerage/drainage capital works program.
5. Provisions are made for \$3.5M expenditure on the Golf Course Resort and Clubhouse and \$7.9M for the CBD Economic Transformation Project.
6. Council business units including the Goldfields Arts Centre, Golf Course and Goldfields Oasis will continue to trade as losses, however the airport surpluses will contribute \$2.1M to the municipal fund.
7. Ongoing funding is provided for delivery of Economic Growth Plan initiatives totalling \$300k.

Overall budgeted operating revenue (2020/21) has increased by 9% versus forecast actual revenue (2019/20). This increase is largely related to a forecast increase in the airport income and other business units income which were greatly impacted by COVID 19 during the 2020 financial year.

Operational expenditure has decreased by one percent (1%).

The Capital Works Program totalling \$40.38 million represents an investment in roads, footpaths, parks and ovals, other infrastructure, land, buildings, plant and equipment and furniture and equipment. An allocation to the Plant Replacement Reserve for 2020/21 of \$1.5 million has been budgeted for various plant items.

The City's annual Roads Program, consisting of sealed and unsealed road works within the City, provides for \$12.1 million of improvements. This is increased from the forecast actual expenditure for the 2019/20 financial year of \$11.0 million. This is a consequence of spending additional funding provided for the 2021 year.

The estimated brought forward balance from 30 June 2020 is \$2.13 million surplus, and \$1.73 million for the budgeted year 2020/21. This is unaudited and may be subject to change. Any change may be addressed as part of a future Budget Review.

## RATES

### Differential Rating

The *Local Government Act 1995*, Section 6.33 allows Councils to adopt differential rates. The intent behind adopting differential rates is to take into account the levels of services provided to different types of properties, to reflect the cost of provision of services to those categories of properties as well as the need to encourage the specific types of activities within the City. It is a fair and equitable method of rating.

### Rating & Minimum Payments

The raising of revenue via annual rates is an important source of funds for all Councils throughout Australia. The *Local Government Act 1995* empowers Western Australian Councils to impose general rates and minimum payments. The 2020/21 Objects and Reasons Statement for Differential Rates and Minimum Payments is attached to this report as [Attachment 2](#). The Statement provides details of budget principles applied in formulating the 2020/21 Annual Budget.

### Ministerial Approval

In accordance with Section 6.35 of the *Local Government Act 1995*, Ministerial approval was not required to be sought this year due to the Department of the Premier and Cabinet's response to COVID-19 in freezing household tariffs, fees and charges effective 1 July 2020.

### Local Government (COVID-19 Response) Order 2020

Further to the Ministerial Order, the following changes to how Council can levy rates instalment and penalty Interest was introduced for 2020/21 financial year. They are as follows:

- Penalty interest reduced from a maximum of 11% to 8% (in-line with Australian Taxation Office penalty rates).
- Instalment interest to remain at a maximum 5.5% if a Local Government has a Hardship Policy, and to a maximum of 3% if a Local Government does not have a financial hardship policy.
- For ratepayers that are in financial hardship and meet the Local Government Financial Hardship policy eligibility, then no penalty interest or instalment interest rate applies. Each Local Government decides on approving the application for hardship.
- If adopting a minimum rate or rate in the dollar no higher than that imposed in 2019/20, Local Governments are not required to advertise differential rates. The only requirement is to place a notice on the Local Government's website.

### Rate Increase

The Council approved on 28 April 2020 to implement a freeze on rates for the 2020/21 financial year due to Coronavirus (COVID-19) pandemic where the Government of Western Australia declared a State of Emergency and a Public Health Emergency under the *Emergency Management Act 2005*, section 56 on 16 March 2020.

### Gross Rental Values (GRV)

The *Local Government Act 1995* empowers a Council to impose different rates in the dollar for different land zoning's or uses and different rates for improved or vacant land. This power is provided to help local governments with particular rating difficulties and to achieve a better rating equity between different land uses.

Section 6.33 of the *Local Government Act 1995* states:-

“A local government may impose differential general rates according to any, or a combination, of the following characteristics

- (a) the purpose for which the land is zoned, whether or not under a town planning scheme or improvement scheme in force under the *Planning and Development Act 2005*;
- (b) a purpose for which the land is held or used as determined by the local government;
- (c) whether or not the land is vacant land; or
- (d) any other characteristic or combination of characteristics prescribed.”

The City of Kalgoorlie-Boulder has adopted the combination of characteristics relating to land zoned under the Town Planning Scheme and the purpose for which the land is held or used. It should be noted, that where, during the rating year, land is rezoned or its use changes, the City cannot issue an amended rate notice reflecting that change until the new rating year.

GRV Mining rate in the dollar of \$0.046758 forms the base rate for rate calculations for Gross Rental Value (GRV) properties, with a higher rate in the dollar for Central Business (\$0.068098) and General Industry (\$0.073531) properties. Both the Commercial and Industrial sectors require greater resourcing and expenditure from the City in relation to Health, Building and Town Planning services.

The 2020/21 GRV minimum payment of \$907 has again been set to ensure the minimum level of service required is adequately funded and all properties contribute an equitable rate amount.

Council will continue to benchmark its rates in the dollar and minimum payments with other neighbouring local governments to ensure that some equity is retained within the region.

### Valuations

The most recent revaluation of the City's GRV properties was updated 1 July 2019 and there is no change for the 2020/21 rating year. The next revaluation cycle review is scheduled for 2021/22, with the valuations to take effect 1 July 2022.

**Table 1            2020/21 Gross Rental Values (GRV) Valuations**

Rating Category	20/21 Valuations	19/20 Valuations	\$ Increase	% Increase
Gross Rental Values	\$297,128,856	\$295,988,190	\$1,140,666	0.4%

## Unimproved Values (UV)

Rural properties assigned an Unimproved Value (UV) such as Pastoral, Mining Operations, Exploration and Prospecting Leases are rated differentially to reflect the nature of their lease.

1. Pastoral Leases rate in the dollar of \$0.077020 and minimum payment of \$282 was set after taking into account issues of rating equity including capacity to pay.
2. Mining Operations (Mining and General Purpose Leases) rate in the dollar of \$0.183672 and minimum payment of \$393 is set after taking into account the operations of mining and the effect of their large scale equipment on the City's road network. The City makes a large investment in roads and road drainage infrastructure to service mining activities on rural roads. The ongoing costs involved in maintaining the road network that services this land use extends all the way to the WA/SA state boundary.
3. Exploration/Prospecting rate in the dollar of \$0.183647 and minimum payment of \$282 was set after taking into account the operations of mining and the effect of their large scale equipment on the City's road network.

Council recognised that because exploration and prospecting tenements were not income producing leases and their operations had a different level of impact on the City's road infrastructure, a lower rate in the dollar has been maintained as well as keeping their minimum rate lower than Mining Operations.

Mining Tenements and Rural/Pastoral properties are subject to annual rental reviews, with an effective date 1 July 2020. The valuations have been factored into the 2020/21 budget.

The total of Unimproved Values (UV) increased from \$27,682,660 (2019/20) to \$31,188,501 (2020/21), an increase of 12.66%. The new valuations come into effect on 1 July 2020.

**Table 2            2020/21 Unimproved Values (UV) Valuations**

Rating Category	20/21 Valuations	19/20 Valuations	\$ Increase	% Increase
Unimproved Values	\$31,188,501	\$27,682,660	\$3,505,841	12.7%

## Variation from Actual Rates to Raise and Valuations

At Council Meeting on 28 April 2020, the proposed 2020/21 rates yield was reported as \$26,186,066 and valuations as \$326,402,343

On the finalisation of the proposed budget which includes 1 July 2020 valuations for unimproved values (i.e. mining tenements and rural properties), the total rate yield has increased to \$26,469,990, and valuations \$328,317,357, 2.29% and 1.44% on 2019/20 rates yield and valuations consecutively.

These percentage increases represent a combination of general increases, with additions and removals from the valuation register, causing some distortion between 2019/20 and 2020/21.

- The City is not responsible for setting Emergency Services Levy rates and simply acts as a collection agent for the funds on behalf of the State Government;
- Under section 6.47 of the *Local Government Act 1995* and the terms of Council Policy CORP-F-100, Rates Concession Policy (Rateable Land) , the City provides rates relief to not for profit recreation, sporting and community groups within the City who meet the eligibility criteria.

## **OTHER BUDGET ITEMS**

As Councillors would be aware, each year a Material Variance must be adopted to assist in reviewing the Monthly Financial Statements and the Annual Budget Review.

In accordance with Regulation 34 of the *Local Government (Financial Management) Regulations 1996*, each Council must adopt a percentage over which a Budget variance would be considered material when it reviews the monthly statements of financial activities and accepts the Annual Budget Review.

### **Elected Member Sitting Fees, Expenses and Allowances**

Council resolved to freeze the Elected Members annual sitting fee and Mayor and Deputy Mayor's annual allowances and a zero increase to the ITC allowance as a response to COVID-19. As such, the fees and allowances will remain at 2019/20 levels;

- Mayoral Annual Allowance \$ 88,864.
  - Deputy Mayor Annual Allowance \$22,016
  - Elected Member Sitting Fees (\$31,364 x 13) \$407,732

- Total Budget allocation \$531,612
